Dr. Christopher's School of Natural Healing

College of Iridology

COURSE DESCRIPTION

Learn the ancient practice of assessing current health conditions in the body in your own home through correspondence.

This comprehensive home study program offers a fully informative and detailed look at the science and practice of Iridology. Beginning at basic levels and moving forward to advanced understandings of this art, the student will gain a wonderful knowledge of revealing levels of health, inflammation and degeneration within the human body.

Through the medium of video, Dr. David Pesek enlightens and entertains as he shares his vast understanding of the analysis of the iris. With over 20 hours of video at your disposal, books and workbooks, you can quickly and effectively learn to use the combination of Iridology, Nutrition and Tissue Cleansing to promote harmonized well-being: physically, emotionally, mentally and spiritually.

What is Iridology?

Traditional iridology dates back at least 3,000 years in recorded history. It is based on the study of the irides of human eyes. The color, fiber structures, and various other features seen in the iris reflect the individual's genetic heredity and the strengths and weaknesses of their physical body.

Holistic Iridology, developed by Dr. David J. Pesek, goes beyond the physical. Through this system it is possible to understand the whole person. Mental, emotional, and spiritual aspects can also be interpreted.

By revealing a person's conscious and subconscious behavior patterns they are able to understand the origins of their conditions and afflictions and to positively transform their lives on all levels. The eyes are truly "windows of the soul."

LEVEL 100-FAMILY HERBALIST

(Level 100 from Master Herbalist Course)

The School's **Family Herbalist Course** is designed to empower you with the knowledge and confidence needed to tackle almost any health issue. The Family Herbalist Course is essential for anyone who wants to take charge of their own health and become more informed, educated, and independent. This course explores important concepts in natural medicine that even the most experienced natural healers need to know for success. At the completion of this course the student receives a certificate as a Family Herbalist.

Materials included in this level:

An Herbal Legacy of Courage text by David Christopher

Herbal Home Health Care text by David Christopher

Study guide for *Herbal Home Health Care*

Fundamentals of Herbology (2 hour DVD)

Simple Home Remedies (1 hour DVD)

Study guide for videos

Internal Cleansing (1 hour audio CD)

Safety of Herbs (1 hour audio CD)

Master Herbalists Speak (1 hour audio CD)

LEVEL 200 – ANATOMY

(Level 1700 from the Master Herbalist Course)

Understanding the workings and physiological makeup of the human body is essential in working with the body toward complete healing. This course offers college level anatomy training in the functions of the organ systems and how they relate to each other. A specific emphasis is placed on applying herbal healing to the common diseases of each organ.

Materials included in this level:

Human Body In Health & Disease text by Memmler, Cohen and Wood

Study guide for *Human Body in Health & Disease*

IRIDOLOGY LEVEL 1

In this level, you will learn: the holistic health model in action, historical perspectives on Iridology, revealing inherent genetic weaknesses and strengths, how to read a “Live Eye”, the interrelationship between thought, emotion, and health, reflexes of the bowel affecting organs and glands, health circulation of the 6 systems of detoxification with the body, tissue cleansing, understanding nutritional requirements through analysis of the eyes, what the eyes can and cannot reveal, and much more.

Materials included in this level:

6 video cassettes

High Quality Magnification Light

4x Magnifying Lens

Workbook for videos

Iridology Simplified by Bernard Jensen

Study Guide for *Iridology Simplified*

IRIDOLOGY LEVEL 2

In Level 2, you will learn: constitutional typing & related diathesis, the brain flares of Iridology and related thought/emotional patterns, early assessment of conditions and accumulations in body tissues, treatment of conditions and accumulations, extensive training in reading a “live eye”, metabolic pigments and their relationship to the various organs, understanding the iris and the zone map, transversal fibers and their reflection of tissue health, deeper aspects of how eyes reveal thought and emotional patterns of personality, further understanding of nutritional requirements through analysis of the eyes, and much more.

Materials included in this level:

7 video cassettes

Workbook for videos

Visions of Health by Bernard Jensen

Study Guide for *Visions of Health*

IRIDOLOGY LEVEL 3

Enjoy 4 days of intensive, onsite study with Dr. David Pesek. The Advanced Iridology Seminar takes place once a year. Students who have completed the prerequisite courses and Iridology Levels One and Two of the home study program will be eligible to attend. David will expand upon the knowledge previously gained through the Home Study Program, offering advanced techniques in reading a live eye, and more. Seating may be limited, but you may reserve your place at any time.

At the Level 3 seminar you will learn: proficiency and confidence to practice as an Iridologist, extensive training and various protocols for reading a "live eye" and iris photography, various lighting techniques for live examinations and iris photography, advanced information on iris topography, assessment of faulty conscious and subconscious belief systems that lead to degenerative conditions, techniques for building a practice of Iridology, and much more. Final exams are administered at this Seminar.
